

SKODA

The 100% electric
Škoda Enyaq Coupé RS

Recharge fast forward

The all-new 100% electric Škoda Enyaq Coupé RS, the power of three hundred horses silently catapults the car from a standstill to 100 km/h in a mere 5.5 seconds. But performance is an emotion that can hardly be expressed in numbers. That's why plenty of signature black RS styling details, connectivity, and assistance systems allow you to enjoy absolute performance in absolute comfort. The rush of power is shared by all four wheels. Together with the 4x4 drive, the impressive range of around 547 km* means that you can conquer any terrain and return with time to spare. Experience electrifying adventures with Škoda.

*Electric range is in accordance with the Worldwide harmonised Light vehicles Test Procedures

Impressive. Even at 0 km/h

The exterior is characterized by elements in a glossy black design, which brings more dynamism and emotion to the vehicle's appearance. These include exterior side-view mirror caps, strips around the side windows, rear diffuser with integrated reflector, front grille frame, and front bumper air curtains.

Fully electric 250 kW 340 PS

The updated Enyaq battery has higher performance and torque, with improved efficiency and range with great acceleration, turning radius and regenerative braking for a smooth and clean ride.

RS badge

As a nod to the famous racing tradition of Škoda cars, the sports RS badge is included on the sides.

Matrix headlights and Crystal Face

The full LED Matrix headlights are complemented by crystal lights that span the entire face of the vehicle. The Crystal Face, fitted with 131 LEDs, creates a strip linking the headlights and illuminating the vertical slats behind a transparent wall. Experience top-notch lighting design with the Škoda Enyaq Coupé RS

All-wheel drive

The experience of driving an electric car is further enhanced by the all-wheel drive. The car features a separate electric motor for each axle, with the rear axle motor offering higher power and maximum torque. Thanks to intelligent electronics, both electric motors, with a combined output of 250 kW, operate as efficiently as possible. The transmission of the driving force is regulated by intelligent electronics to prevent slippage and optimally use the traction of all four wheels. The result is exceptional dynamics, driving stability, and safety.

With great power comes great comfort

The RS Lounge will offer you the atmosphere of a sports car combined with exceptional comfort. Enjoy the power of your car, surrounded by unique materials, exclusive details, and advanced technologies.

Sports steering wheel

Equipped with a sporty multifunctional steering wheel in black perforated leather, decorated with an RS plaque and contrast stitching, you will feel like you're in the cockpit. Among other functions, the steering wheel detects the driver's tactility, providing an interactive interface to the Travel Assist system, which combines several assistants that keep an eye on your safety. Heating and paddle shifters for energy recovery control are also standard.

Sports seats

All RS cars have front seats in a sporty design, providing maximum comfort even during a dynamic drive. The RS logo embroidered on the backrest is an unmistakable interior design feature.

Infotainment

The infotainment system, with a 13" display, can be used to configure all vehicle functions and control the air conditioning. It also features a touch slider operation, where different functions such as the air conditioning, seat heating, infotainment volume can be adjusted without touching the screen.

Colours

Mamba Green

Graphite Grey

Moon White

Race Blue

Wheels

21" 'Vision' Anthracite metallic alloy wheels

The colour range also includes Energy Blue (not shown).

Technical Specifications

Coupé RS

82kWh 250kW

Motor

Motor type	Permanent magnet synchronous motor
Battery type	Lithium Ion
Battery capacity Gross/Net (kWh)	82 / 77
Charge time AC 3-Phase, 11kW (0-100%)	Approx. 7 h 30 m
Charge time DC, 175kW (10-80%)	Approx. 28 m

Power Transmission

Drive train	All Wheel Drive
Transmission	Single Speed Automatic

Performance

Electric motor power kW (PS)	250 (340)
Electric motor torque (Nm)	Front 134 / Rear 545
Acceleration 0-100 km/h (sec)	5.5
Top speed (km/h)	180
Energy consumption (kWh/100 km)	20.0
Electric range WLTP (km)*	Up to 547
VES band	A1

Exterior Dimensions

Length/width/height (mm)	4,653 / 1,879 / 1,608
Wheel base (mm)	2,768
Track front/rear (mm)	1,589 / 1,573
Wheel size	Front 8.5J x 21" / Rear 9.0J x 21"
Tyre size	Front 235/45 R21 / Rear 255/40 R21
Turning circle diameter (m)	10.8

Technical Specifications

Coupé RS

82kWh 250kW

Exterior

- › 21-inch 'Vision' Anthracite metallic alloy wheels
- › Full Matrix LED headlights with LED daytime running lights
- › Full LED rear lights with dynamic indicators
- › Crystal Face – illuminated front grille
- › Electrically controlled, auto-dimming and separately heated exterior mirrors
- › RS design package
- › Panoramic glass roof

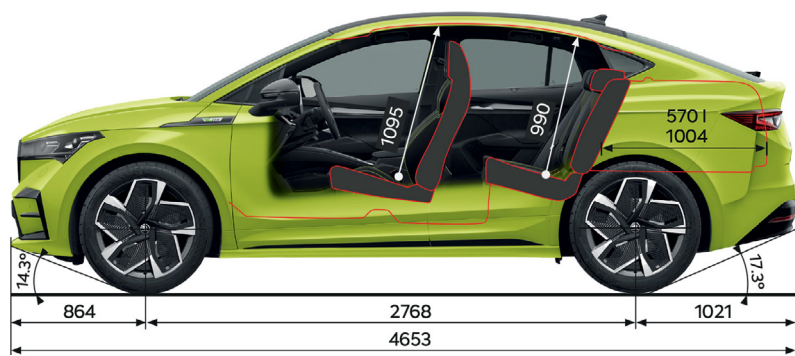

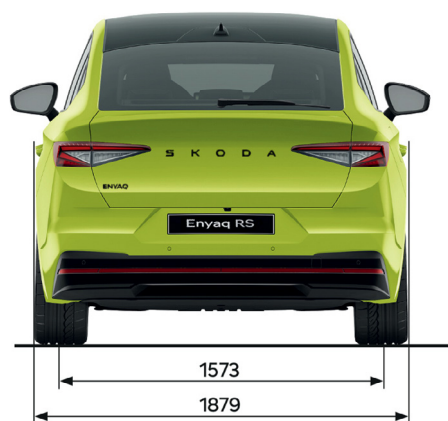

Interior

- › Sports leather multifunction steering wheel with recuperation paddles
- › 'Climatronic' triple-zone air conditioning with rear control
- › Electrically adjustable front seats with memory function
- › Heated front and rear seats
- › 'RS Lounge' design selection with carbon décor and black headliner
- › Sports seats in black microfiber/leather upholstery
- › Interior ambient LED lighting
- › Roll-up sunshade for rear side windows
- › 13-inch touchscreen infotainment display, touch slider, gestures and voice control
- › SmartLink incl. Android Auto & Apple Carplay
- › Wireless smartphone charging
- › 12 speakers 'Canton' sound system
- › Virtual Cockpit with information select, assist systems, driving data and multimedia
- › Head-up display

Safety & Assistance

- › 5 stars Euro NCAP safety rating
- › Electronic Stability Control (ESC)
- › Front driver & passenger airbags, front & rear side and curtain airbags
- › Front centre interaction airbag – between driver and passenger
- › Front Assist (auto emergency braking) with pedestrian and cyclist detection
- › Lane Assist and Side Assist
- › Rear-view camera with Park Distance Control (PDC)
- › Adaptive Cruise Control (ACC)
- › Driver Alert System
- › 'KESSY' keyless central door locking, start/stop system
- › Electric tailgate with Virtual Pedal
- › Drive mode select, sport suspension and progressive steering
- › Tyre pressure loss indicator
